PROFESSIONAL SUMMARY

Electronics and Communication Engineering student with hands-on experience in IoT-based systems, embedded technologies, and networking concepts. Completed internship at BSNL with exposure to transmission, switching, and networking. Skilled in tools like Tinker CAD, 3D printing, and MS Office, with strong leadership and problem-solving abilities. Passionate about learning innovative hardware-based solutions and continuously seeking about new technologies.

EDUCATION

Post Graduate Diploma in Embedded (PGCP-ESD) – Currently Pursuing, CDAC Bangalore, 2026 – Present

Bachelor of Technology, Axis Institute of Technology and Management, 2020–2024
CGPA: 8.12

Higher Secondary (12th), Saraswati Vidya Mandir Inter College Banda, 2018–2020
Percentage: 76.8%

SKILLS

Technical Skills: Tinker CAD, MS Office, Linux(basic), C language.

Concepts: Embedded Systems Basics, IoT Fundamentals

Tools & Technologies: 3D Printing, Soldering

PROJECTS

IoT Based Home Automation Security System:

- Developed a smart home automation system using IoT concepts
- Integrated sensors for security monitoring
- Enhanced home safety by integrating motion detection and alert mechanisms for unauthorized access

Onboard Surveillance Camera Robotic Vehicle:

- Designed a robotic vehicle with face recognition camera and internet connectivity
- Integrated multiple sensors for automated surveillance
- Worked on hardware implementation and documentation

INTERNSHIP

BSNL (Bharat Sanchar Nigam Limited)

- Duration: 4 Month (July 1, 2023 – Oct 28, 2023)
- Gained knowledge in switching, transmission, and networking systems

CERTIFICATIONS

- Learnathon Certification – ICT Academy
- Embedded System Certification – Edu-Skil

Place: Kanpur

Date: 4/27/2026
